Brand New Book ***** Print on Demand *****.I had to date them, a short novel written by Charice Smith. This book depicts the journey that portrays the hardships of dating with a subtle biographic undertone. The book begins with a quirky yet significant story starting from childhood sweethearts to adolescence and ending in adulthood relationships. The story is told from the aspect of the author inviting her audience to engage in a one on one conversation that enables opportunity to compare compelling experiences. The timeline begins with a reflection of the mid 80 s escalating to the 90 s that spirals into the early 2000 s. The plot unveils 5 relationships that apparently all are one in the same. With the realization that one had dated the same person more times than one, they all had one common denominator. At the climax of the story the plot thickens with much revelation as well as answers to all the whys. As the surface of her dating comes to fruition, emotions shift and understanding begins to take place. The inspiration comes from within; the compassion comes from the heart and with such passion as one s self is revealed, brings forth peace through liberation. One discovers her worth and purpose is to tell the world so they too find their purpose as well as peace. Although this short novel displayed by Charice at times could...
